

First Circular

INDIAN CERAMIC SOCIETY

82nd ANNUAL SESSION

**at JAMSHEDPUR
during JANUARY, 2019**

April 2018

To
All Members of
Indian Ceramic Society

Dear Member,

I am pleased to announce that the **82nd Annual Session** of the **Society** in conjunction with the 70th Annual Session of All India Pottery Manufacturers' Association and 44th Annual Session of Indian Institute of Ceramics is proposed to be held at **Jamshedpur** during **January, 2019** and will be hosted by the **Jamshedpur Chapter** of the Society. The exact date, venue and theme of the Session will be communicated through a separate circular, to be issued by the Organizing Committee.

As you know, the objective of the Annual Session is to provide a common forum for a large number of delegates from the fields of ceramics, glass, refractories and allied materials from India and abroad and also to provide an opportunity to exchange thoughts and ideas. Participation of delegates from other ceramic societies abroad is also expected.

ANNUAL TECHNICAL SESSIONS

Call for Papers

The **Technical Sessions** of the Society will be devoted to oral / poster presentations of papers and will broadly cover the fields indicated in the proforma provided. Those who propose to present papers are requested to send the title and abstract in about 200 words, typed in double space, via the online link provided on the website: www.incers.org within **August 31, 2018**. The abstracts will be subjected to primary screening by an Expert Committee. The decision regarding acceptance will be communicated to the respective authors in due course. The abstracts of the accepted papers will be printed in the souvenir.

The authors may kindly note that authors, who wish to publish full paper relevant to the submitted abstract, may submit full text of the paper to the Hon'y Editor by **October 31, 2018** at the latest. The papers may be published in the Society's quarterly journal, "Transactions of the Indian Ceramic Society" in due course, if accepted through the peer review system.

Any paper submitted to the Society and accepted for presentation shall be the property of the Society who will hold the copyright thereof.

Students' Session

The Society has introduced a Session, especially for the students, since 1999, with a view to encourage their participation in the Oral Presentation of papers during the Annual Session of the Society. A maximum number of six (6) students (students of BTech and MTech only), from among the Institutions of the country, would be selected on the merit of submitted full papers. (The participating student must be a MEMBER of the Indian Ceramic Society). The papers are to be uploaded by the respective Head of the Institution in the online link provided on the website: www.incers.org on or before August 31, 2018. An Expert Committee will scrutinize the papers and adjudge the merit. The decision of the Committee will be final and binding in the matter.

The selected students would be allowed to reimburse to-and-fro ordinary 2nd Class Sleeper Train Fare and their Registration Fee would be free. In case of joint authorship only one author would be considered. Certificates will be given for best presentations (1st, 2nd & 3rd positions) along with cash awards.

Souvenir

On this occasion, a souvenir will be published by the Organizing Committee. The Society requests the Corporate Members and all the well wishers to render their fullest support by way of releasing advertisements in the souvenir, as they so kindly did on previous occasions. A separate circular providing details about advertisement tariff, payment details and mechanical data will be issued by the Organizing Committee shortly.

Exhibition

An exhibition of conventional as well as advanced ceramics, glass, refractories, composites, engineering ceramics and allied products, machinery, instruments, kilns, raw materials, etc is being arranged on the occasion. The Society requests the members of the industry to utilize the opportunity to display their products, machinery, instruments, etc. The details regarding the area of stalls, their rent and payment details will be communicated shortly by the Organizing Committee.

About Indian Ceramic Society (InCerS)

Indian Ceramic Society was founded on April 15, 1928 under the dynamic guidance of Pt. Madan Mohan Malaviya, a great educationist, with the primary objective of promoting friendship and co-operation among all those who are engaged in the manufacturing of ceramic products or in teaching of ceramics or in any other way connected with ceramics and interested in the advancement of knowledge, art and technology connected therewith. The Society has 13 Chapters with a membership of over 2000. The quarterly publication of the Society, 'Transactions of the Indian Ceramic Society' has an impact factor of 0.558 in 2016 and is copublished with Taylor & Francis Group (T&F), UK. Recently, the Indian Ceramic Society has come up to a collaborative partnership with the American Ceramic Society for mutual benefit and enhancement of both the Societies.

About All India Pottery Manufacturers' Association (AIPMA)

AIPMA was founded in the year 1948 by a group of entrepreneurs, led by Mr M. G. Bhagat, a pioneer industrialist of the country. It is the forum for promoting and exchanging knowledge in ceramic industry in India and to encourage its members to be partner in the development of pottery industry. The main objectives of AIPMA are to encourage the ceramic industry and to protect its interest. The members of AIPMA are basically from industry.

About Indian Institute of Ceramics (IIC)

Founded in the year 1973, the major objectives of the Institute are to promote and advance the study and practice of Ceramic Science, Technology and Engineering in India, to extend knowledge and information connected with ceramics, to issue certificates by conducting examination as per prescribed syllabus etc. The Govt. of India has recognized that the degree in the Associated Membership Examination conducted by Indian Institute of Ceramics is equivalent to the first degree in Ceramics.

JAMSHEDPUR – The Hosting City

Jamshedpur is the first planned industrial city of India, founded by late Jamshedji Nusserwanji Tata. It is also known as *Steel City*, *TataNagar* or simply *Tata*. It is located on the Chota Nagpur plateau and is surrounded by the picturesque Dalma Hills. The city is bordered by the rivers Subarnarekha and Kharkai on the north and west parts of the city. Several notable institutes like CSIR-National Metallurgical Laboratory, Xavier Labour Relations Institute, Mahatma Gandhi Memorial Medical College, National Institute of Technology, etc, are located here. Some of the major tourist attractions of the city are Jubilee park, Dimna Lake and Dalma Hills. The other important ones are Tata Steel Zoological Park, Chandil dam, Rivers Meet, Hudco Lake, Centre for Excellence (CFE), Sir Dorabji Tata Park, Bhuvneswari temple, etc. A small town named Ghatshila, which is famous for its scenic beauty, is some 40 km from the city.

Jamshedpur features a tropical wet and dry climate. Summers start in mid-March and can be extremely hot in May and June. The temperature variation during summer is from 22°-45°C. Winters (November to February) are not severely cold when the average temperature extends from 6° to 28°C.
