

InCerS Hyderabad Chapter

Report -Dr. BVS Subba Rao 4th Memorial Lecture

The InCerS-Hyderabad Chapter successfully organized a Technical Talk as part of the Dr. BVS Subba Rao 4th Memorial Lecture on "Ceramics & Composites for Missile Applications" on July 03, 2026.

- The Memorial lecture held at the DRDO Assessment Centre, RCI, Hyderabad was attended by a large number of beneficiaries, including representatives from academia, research organizations and industry.
- The programme commenced with a warm welcome by Mr A.D Manohar, who greeted the members of the Hyderabad Chapter and the invited guests. The event was conducted successfully with enthusiastic participation from members and distinguished invitees.
- The Memorial lecture was delivered by Dr. Anil Kumar, Associate Director, ASL, DRDO Assessment Centre, Research Centre Imarat (RCI), Hyderabad on the topic, "Ceramics & Composites for Missile Applications".
- Dr. Anil Kumar delivered an insightful and highly informative lecture on the role of advanced ceramics and composite materials in missile applications. The technical session promoted valuable knowledge sharing and generated significant interest among participants in emerging materials and advanced technologies. The interactive question-and-answer session witnessed active participation from members, reflecting their keen interest in the subject.
- The presence of new members from the Indian Ceramic Society (InCerS), Carbon Society of India (CSI) and the Indian Society for Advancement of Materials and Process Engineering (ISAMPE) added great value to the programme and contributed to its grand success. The gathering also provided an excellent platform for discussions on future collaborative activities and the continued growth and progress of the Hyderabad Chapter of InCerS.
- Prominent industry members such as Mr. P. Madhusudan Reddy and Mr. A. Venkatesh, who are also InCerS Life Members, participated in the programme and enriched the technical discussions through their valuable interactions.
- Overall, the event was a resounding success, providing an excellent forum for technical learning, professional networking, and strengthening collaboration among members of InCerS and allied professional Societies.
